**Subject: Speakman Drive Long-Term Care Homes – Paving & Concrete Pouring**

Dear residents,

The purpose of this notice is to let you know about some upcoming construction work for the Speakman Drive long-term care homes. As part of the construction schedule, over the next few weeks there will be additional paving work and concrete pours.

**Paving**

Paving of the north road, within the Speakman property, is estimated to take place on August 30, 2021 (weather dependent). This work will take place during normal working hours and will take one day for completion. In comparison to the previous paving work, which took place on August 12 – 14, the location for this paving is further removed from the residential areas. There may be some noise generated from trucks and equipment onsite and a potential odor as a result of the asphalt.

**Concrete Pours**

Similar to previous concrete pours, there will be three concrete pours for the west building. The first pour is estimated to occur during the week of September 6, 2021. The other two pours are still in the planning stage, and we will update you with the dates as soon as possible.

As a reminder, due to the nature of this work, a portion of this construction will take place outside of regular working hours (estimated to begin at 7am and conclude at 4 am the following morning). In comparison to the previous pours, the pouring for the west building is located closest to the road and away from the residential neighbourhood. However, the team will continue to work hard to ensure strategies are in place to minimize any impact on neighbours, especially as this work approaches the evening/early morning hours. Timing can also vary based upon temperature, humidity and wind.

**Questions?**

As always, we welcome all of your questions and comments, and are committed to working together. We will continue to share information with you as it becomes available. All information and updates will be shared via email, so if you have any neighbours who have not signed up for our mailing list yet, please let them know to contact us [public.affairs@thp.ca](mailto:public.affairs@thp.ca). If you have real-time concerns about an on-site issue, please call 416-594-2196. This is a monitored line with after-hours contact information.

Sincerely,  
Trillium Health Partners
